Appendix

COATINGS AND USES

Tinplate is steel sheet electroplated with tin to provide enhanced appearance and protection against rust. Coatings can be added to tinplate to enhance appearance and performance. Coatings and their typical uses* are listed below.

| | | |
|---------|---------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Outside | Plain | (POS) Use in dry environments where the risk of oxidation is low |
| | White | (WOS) Additional protection against oxidation of the container due to moisture Also used on most printed cans as the white base coating under colour print |
| | Varnish | (VOS) Clear finish for extra protection against oxidation of the container due to moisture |
| Inside | Plain | (PIS) Typical uses: Solvent based products Oil paints Edible oils Not suitable for: Water based products Olive oil |
| | Lacquer | (LIS) Typical uses: Water based products Water based paints Olive oil |

* Uses above are suggestions only, customers are responsible for testing to ensure compatibility of containers with their packed product.
